Some people take both vile assault and primordial strength because if an enemy is shot down, Vile Assault makes more damage. However, it is not strictly necessary. Because you will be more than using these physical nucleae on garments and bosses you will not give you the opportunity to get the Bonus damage of Assault Vile. You don't really need Zodyne and Mazadodyne on Kanji. I suggest choosing one or the other, even if you are definitely welcome to renounce to renew 3 to keep both available. As you, use for the most kanjiA e a,~ A e s s To successful deficiencies for landing and little else. Elec amp and elec boost also arena t strictly necessary, because taking all the spells and increases electric kanjia s takes up 4 slots and makes a mediocre magician. However, Kanji doesnA e t have too many must have skills in order to have space to keep them. You could easily replace Elec Boost / Amp with Vile Assault and Fast Heal and YouA e D I barely notice one way or another. You could make a topic that MediaRama increases Kanjia S versatility, and if you are really trying to optimize the specific kanji, there may be a place for it, but in general not it e s worth going out of your way to get. Unique ability to person 4 Golden Kanji Ability Every CharacterA e Unique ability is earned when they receive their 3rd level person. This happens in January, when you spend an afternoon around with a party member who has already reached its 2nd person level reaching their level of 10 social links. Kanjia s unique capacity is the Mana S Way, which inflicts dizzy and down all the enemies. It is not terribly useful and I would say that it is not even worthy of a place in the Kanjia S Skillset. Still, it can be a kind of a simple way to get an attack out and kill those magic hands, but with Time you get, you will probably already have Yoshitsune and kill those hands in 1-2 rpm anyway. The path is open - the design for Rokuten Maoh, the awakened character of Kanji Tatsumi. Nobunaga ODA, the daimyo of the states era at war, was the basic inspiration for the look of this person. More specifically, the circumstances of the death of Nobunaga, now known as the Honno-Ji incident. A general general point of view of the city after Nobunaga had sent the forces of him. Faced with no hope, the Lord of the war took his life, but not before ordering the servant to burn the temple that was inside him, so that no one could claim his head. -Specialist- Mr. Hosoi: I had too much to drink during of a new year party, so I was hanging throughout New Year's day. While we are in the field of alcoholic beverages, there is something interesting the toso you drink at New Year. Who could know this ...? Sanzo-chan! Burn the demons. Mr. Hosoi: good for you. It is correct. Toso is symboli to bury demons. The word Toso is composed of two characters: one means "burial" and the other "demon". However, no matter what it means, be careful not to have too much! After all it's alcoholic! People laugh of you if they hear you have had Hungover while trying to do a ritual of good luck! Sowflakes- Housewife in breeding clothes: wherever I look at now, it's snow, snow, snow. Guess you will have to put your garden waiting for now. I, I have a greenhouse to grow my winter vegetables, so don't rest for the wicked! I can't sell you no seedling until it heats up, but I can sell you the vegetables that grow. My escort will change from day to day, so keep an eye on. > The non-familiar cat ate fish without knowing your presence at all ... I think everything would work. This is what makes it so difficult! You must be something that would not be a good idea to give it! > Kanji looks desperate ... they are Begin 'ya! I have no idea what to give you. I want to be damn sure that but it's happy with it ... I should tell you, but it went to the hospital. -Smile- oh, it was just for an exam, though. It is already out and totally well. But the tests seem to be difficult by her, so ... I want to give her something like a "hospitality award" ... how kind of you are. Stop teasin 'me! > Kanji's face is completely red ... I went to visit her while she was there. It was difficult for me to see it in that hospital, though ... when I was there, but she looked at me and said, "You changed" ... she said, "Your father and I are of you, son ..." > Kanji's eyes are slightly red ... quite funny, eh? I'm not too bright and I keep causing them all this problem ... and she says it's proud of me ... > Kanji's voice is trembling ... I mean, they are the one who should be proud of her ... She raised a punk like me without a single complaint and he worked at the bone, and no one thanked you thanked you ... I have only ... I feel like I needed to give you some encouragement so much ... eh, I'm a little to lose here. But she was right, though, I'm changed. It was because I got to know you guys. Until I met you, I was so lonely that people saw me like some strange that I tried to make you pay to those who looked at me funny ... I wasn't holding your head high. I wasn't proud of myself. But Gettin' to learn more made me understand something. I don't think it's important what kind of boy they are. Long as I can keep your head high, but it's going to be proud of me. Still ... I want to become someone who but and you guys can be proud. So I'm going to spend my life Keepin' myself in control to make sure not to lose my way or start Lynn again. > Kanji smiles cheerfully ... - Heart effort-> Kanji heart, having developed during this day difficult, reaches a greater power ...> Kanji person is reborn again ...! Rokuten Maoh has transfigured to Takeji Zaiten! Takejizaiten, the romantic kingdom sovereign. Another name used for the Dairoku-TenMaou Demon King and the domain of him. Type of an embarrassing ability, but it is physical resistance and one of the best scenes of the game, so they are fresh with it. -Smile- and I will still try by changing I want from here forward. I ... I want to fight for others instead of just for me. I'd rather die protectin 'something that matters Worryin' if I can win the fight. I think this is the way to be ... and one day, I hope I can be strong enough to protect you too. I'll count on you. It takes a hell of a strong man to say that, Sensei. It seems to answer any name is called. It means that the cat does not give a shit that people call, because it is a cat. What else? > If you look deeply into the eyes of the unknown cat, maybe you can convey your feelings ... you decide to try to call your name, while looking into my eyes ... touch your pet for Unfamiliar mine: meow. And he answered your call! Only if you decide to call other names ... There is no obvious reaction. This cat seems to be named Minor-Chan. But the truth is ... I have no special powers like that. They are not dead; Only one another being boring human being. Waiting for a miracle that he never came ... before I knew it, I was wishing death on that person I loved more to the world.
